

## **Luddenden Dean Wesleyan Methodist Chapel – Burial Register 4 (c.1945 – 1979)**

Information regarding burials in the burial ground at Luddenden Dean Wesleyan Methodist Chapel is provided in the following order:

- Index of surnames as listed in Burial Register 4
- Index of place names as listed in Burial Register 4
- Information from Burial Register 4

In this section a simplified plan of the area of the burial ground (applicable to Burial Register 4) is not included. This was not possible since grave plots listed in Burial Register 4 were not allocated a number. Consequently there is no indication in the register as to where a deceased person was buried. And therefore no plan can be produced.

However, Calderdale Family History Society has published a database for all of the monumental inscriptions (MI's) at Luddenden Dean Wesleyan Methodist Chapel. This will provide useful information for those wishing to carry out on-site research regarding the location of deceased persons listed in Burial Register 4. But it is important to remember that when referring to MI's there may be either a name omission or a name addition i.e

- a monumental inscription may not include the names of all those buried in the plot
- a monumental inscription may have included an additional name - the name of a person not actually buried there eg. war dead or those lost at sea
